

LC³-Information Day

A green cement for Sustainable Development

9:00 am – 04:00 pm
01 September 2022

Century Park Hotel, Bangkok, Thailand

www.lc3.ch

Objective:

To communicate the technical, environmental and financial advantages of an innovative ternary cement made with a combination of clinker together with calcined clays and limestone (LC³). To present the progress of the implementation of technologies for the manufacture of LC³-cement.

Preliminary program of the seminar:

Time	Agenda
09:00-09:30	Registration
09:30-09:35	Warm Welcome Mr. Chana Poomee, Chairman of Thai Cement Manufacturers Association (TCMA)
09:35-09:45	Opening speech Mr. Conradin Rasi, Chargé d'affaires, Embassy of Switzerland in Thailand
09:45-10:10	Special remarks 'Road to Thailand Net Zero Emission' Dr. Phirun Saiyasitpanich, Secretary General, Office of Natural Resources and Environmental Policy and Planning
10:10-10:30	Thailand Chapter: Net zero Cement and Concrete Roadmap 2050 Mr. Chana Poomee, Chairman of Thai Cement Manufacturers Association (TCMA)
10:30-11:00	Coffee break
11:00-11:45	Introduction to Limestone Calcined Clay Cement (LC³) Prof. Karen Scrivener, École Polytechnique Fédérale de Lausanne
11:45-12:30	Performance and Durability of LC³-concrete Prof. Shashank Bishnoi, Indian Institute of Technology Delhi
12:30-13:30	Lunch
13:30-14:15	Application of Calcined Clay Prof. Somnuk Tangtamsirikul, Sirindhorn International Institute of Technology (SIIT), Thammasat University
14:15-14:45	Techno-Economic Feasibility Study and LC³ environmental impact Anne Dekeukelaere / Cimentis
14:45-15:15	Questions and open discussion
15:15-15:45	Conclusion by Prof. Karen Scrivener, École Polytechnique Fédérale de Lausanne Closing speech by Prof. Thanakorn Pheeraphan, Chairman of Thai Concrete Association
15:45-16:00	Coffee break
